**BASIC ASSESSMENT AND WATER USE LICENSE APPLICATION PROCESS FOR THE PROPOSED
AMENDMENT OF MINING RIGHT NW 80 MR AND THE EXPANSION OF THE KWEZI MINING
OPERATIONS THROUGH THE INCLUSION OF THE UG SHALLOWS BLOCKS (A&B) RUSTENBURG
LOCAL MUNICIPALITY, NORTH WEST PROVINCE**

Notification of Additional Extended Public Participation Process

DMRE Reference: NW30/5/1/2/2/80MR & Section 102 DMRE Reference: NW-00383-MR/102

Applicant: Sibanye Rustenburg Platinum Mines (Pty) Ltd

Location: RE Portion 1 and 27 of Farm Town and Townlands of Rustenburg 272, Various Erven

Project Description: Kwezi Shaft MR Expansion

Sibanye Rustenburg Platinum Mines (Pty) Ltd (SRPM) is a subsidiary entity within the Sibanye-Stillwater Limited group of companies. Kwezi Shaft is owned and operated by Sibanye Rustenburg Platinum Mine (Pty) Ltd. The Kwezi Shaft is mining the UG2 reserve as within the mining lease limits described under the mining right NW 30/5/1/2/2/80 MR. The shaft is considered to be on its production decline phase with the expected life of mine to be until 2027. There is an urgent need to find additional ounces of Platinum Group Metals (PGMs) in order for the Kwezi shaft to maintain a sustainable production profile.

It is the intention of SRPM to expand the Mining Right Area (NW 30/5/1/2/2/80 MR) (For which the S102 has been approved), located within Rustenburg, in the North West Province. The proposed expansion area lies at the border of the SRPM mining right and can be mined from the existing Kwezi Shaft. With the expansion of the Mining Right Area, SRPM intends to mine the UG2 Shallows Blocks (Blocks A and B). Timely addition of the UG2 Shallows blocks to the existing Kwezi production profile is required to optimise existing critical mass before decline in early 2025. Alta van Dyk Environmental (Pty) Ltd (AvDE) has been appointed as the independent Environmental Assessment Practitioner (EAP) to undertake the required environmental-related applications and associated public participation process.

Authorisations required:

The following authorisations are required as per the applicable legislation:

- Basic Assessment (BA) Process in terms of the National Environmental Management Act (NEMA) (Act 107 of 1998) and National Environmental Management Waste Act (Act 59 of 2008) supporting a S102 Application as defined within the MPRDA.
 - The competent authority for this process is the North West Department of Mineral and Petroleum Resources (DMPR).
- Water Use Licence Application (WULA) in terms of the National Water Act (NWA) (Act 36 of 1998).
 - Section 21 c&i and g water uses
 - The Competent Authority is the Department of Water and Sanitation (DWS).

Availability of the Final Basic Assessment Report and Environmental Management Programme

Interested and Affected Parties (I&APs) are hereby notified of the **additional extended public participation process supporting the existing application for the Kwezi Mining Operations project**. This process builds upon previous engagements held since the initial application was submitted on 14 November 2024.

In the 14 November 2024 application, the total area of expansion was 325.45ha, with mining operations focused on the Underground Shallows Blocks (A&B) measuring 33.91ha. This additional public participation process is only over the 33.91ha of Blocks A&B as the rest of the area will no longer be included into the mining right of NW 80 MR for the Kwezi Mining Operations project.

This **Final Basic Assessment Report (FBAR)** will be made available for public comments for another period of 30 days from the **22 July 2026 to 21 August 2026** at the venues listed in the table below.

The report is also available electronically on either the data free Ulwazi platform or AvDE Website:

Lisinda joins the ranks of Mrs SA finalists

RUSTENBURG HERALD - RUSTENBURG - Lisinda Grobbelaar has secured her place among the Top 30 Mrs South Africa Finalists for 2026 - and she is now setting her sights firmly on the finals in November. Lisinda has been a resident of Rustenburg for the past 11 years, gracefully balancing her roles as a devoted wife, mother, grandmother, business director, and published novelist.

Deeply passionate about raising awareness for survivors of abuse, she is committed to advocating for women, men, and children who experience emotional and psychological abuse, whether at home, in the workplace, or at school.

"Being named a Top 30 Finalist is far more than a personal achievement, it is a privilege, a responsibility, and the beginning of an even greater purpose. This platform has given me a voice to advocate for a cause that is deeply rooted in my heart: raising awareness about mental abuse. While the scars of mental abuse are often invisible, the impact is profound and life changing. Through this journey, I hope to bring hope to those who feel unseen, encourage meaningful conversations, and remind every survivor that they are worthy, valued, and never alone," notes Grobbelaar.

"Mrs South Africa didn't change who I am. It revealed who I have always been. Today, I look in the mirror with confidence, grace, and love, knowing that the woman staring back at me is enough," she comments.

Going forward, Lisinda will host a charitable event to raise funds for the South African Animals in Distress (SAID) – one of the three official charities Mrs South Africa supports.

"I am deeply drawn to the South African Animals in Distress charity because my love for animals has always been an integral part of who I am. Animals love unconditionally, remain loyal without

expectation, and depend on us to be their voice and their protectors.

"Supporting this charity allows me to turn my passion into purpose by promoting responsible care and helping to create a future where every animal is treated with the kindness, dignity, and respect they deserve.

"Mrs South Africa has shown me that a crown is not just something you wear - it is a responsibility to serve. This journey has only strengthened my belief that one person can make a meaningful difference, and I am excited to continue creating a legacy of kindness, advocacy, and positive change."

Lisinda Grobbelaar, a Top 30 Mrs SA 2026 Finalist, is a devoted wife, mother, grandmother, business director, and published novelist.

**BASIC ASSESSMENT AND WATER USE LICENSE APPLICATION PROCESS FOR THE PROPOSED
AMENDMENT OF MINING RIGHT NW 80 MR AND THE EXPANSION OF THE KWEZI MINING
OPERATIONS THROUGH THE INCLUSION OF THE UG SHALLOWS BLOCKS (A&B) RUSTENBURG
LOCAL MUNICIPALITY, NORTH WEST PROVINCE**

I&AP REGISTRATION AND AVAILABILITY OF THE DRAFT BASIC ASSESSMENT REPORT

DMRE Reference: NW30/5/1/2/2/80MR

Section 102 DMRE Reference: NW-00383-MR/102

Applicant: Sibanye Rustenburg Platinum Mines (Pty) Ltd

Location: RE Portion 1 and 27 of Farm Town and Townlands of Rustenburg 272, Various Erven

Project Description: Kwezi Shaft MR Expansion

Sibanye Rustenburg Platinum Mines (Pty) Ltd (SRPM) is a subsidiary entity within the Sibanye Stillwater Limited group of companies. Kwezi Shaft is owned and operated by Sibanye Rustenburg Platinum Mine (Pty) Ltd. The Kwezi Shaft is mining the UG2 reserve as within the mining lease limits described under the mining right NW 30/5/1/2/2/80 MR. The shaft is considered to be on its production decline phase with the expected life of mine to be until 2027. There is an urgent need to find additional ounces of Platinum Group Metals (PGMs) in order for the Kwezi shaft to maintain a sustainable production profile.

It is the intention of SRPM to expand the Mining Right Area (NW 30/5/1/2/2/80 MR) through the incorporation of an area over a portion of remainder of portion 1 and portion 127 (now known as Rustenburg Ext 9) of the farm Rustenburg Town and Townlands 272 JQ (various erven) within Rustenburg, in the North West Province. The proposed expansion area lies at the border of the SRPM mining right and can be mined from the Kwezi Shaft. In addition to the expansion of the Mining Right Area, SRPM intends to mine the UG2 Shallows Blocks (Blocks A and B). Timely addition of the UG2 Shallows blocks to the existing Kwezi production profile is required to optimise existing critical mass before decline in early 2025. Alta van Dyk Environmental (Pty) Ltd (AvDE) has been appointed as the independent Environmental Assessment Practitioner (EAP) to undertake the required environmental-related applications and associated public participation process.

Authorisations required:

Before the commencement of the proposed expansion project, Sibanye requires Environmental Authorisation. The following authorisations are required as per the applicable legislation:

- Basic Assessment (BA) Process in terms of the National Environmental Management Act (NEMA) (Act 107 of 1998) and National Environmental Management Waste Act (Act 59 of 2008) supporting a S102 Application as defined within the MPRDA.
 - The competent authority for this process is the North West Department of Mineral and Petroleum Resources (DMPR). Previously known as Department of Mineral Resources and Energy (DMRE).
- Water Use Licence Application (WULA) in terms of the National Water Act (NWA) (Act 36 of 1998).
 - Section 21 c&i and g water uses
 - The Competent Authority is the Department of Water and Sanitation.

Availability of the Draft Basic Assessment Report and Environmental Management Programme

The Draft Basic Assessment and EMP are available for public review and comment for a period of 30 days from **14 November to 13 December 2024** at the venues listed in the table below. The report is also available electronically on the either the data free Ulwazi platform or AvDE Website:

<https://ulwazi.datafree.co/>

<https://www.altavandykenvironmental.co.za/public-documents/>

Public Place	Locality	Physical Address
Rustenburg Local Library	Rustenburg	Corner of President Mbeki Dr and Heystek Street

RUSTENBURG HERALD - RUSTENBURG - Een van die grootste mylpale in die reisplan van enige individu, ondernemings of plaaslike instansies word in Januarie 2025 gevier wanneer die NG Rustenburg Moedergemeente sy 175ste bestaansjaar herdenk.

Rustenburgers en trouens, alle NG-lidmate of ander belangstellendes, word genooi om saam met die gemeente te reis op die pad na sy feesvieringe van 24 tot 26 Januarie aanstaande jaar. Almal word natuurlik genooi om hierdie luisterryke geleentheid prominent in

hul dagboeke aan te teken en die feesvieringe te ondersteun - meer besonderhede hieroor sal binnekort aangekondig word.

Vandeeweek - 'n kort oorsig na dié gemeente se hoekstene wat deur die loop van jare gelê is ten einde bepaalde mylpale in die geskiedenis van die gemeente af te baken. Die oorspronklike hoeksteen uit sandsteen is op 23 April 1898 deur kommandant-generaal Piet Joubert gelê. Joubert was in daardie stadium visepresident van die Zuid-Afrikaansche Republiek.

Op 20 April 1935 word 'n bykomende graniethoeksteen bygevoeg met identiese bewoording. In 1950 vier die gemeente sy eeufeesviering waartydens 'n bykomende marmer-gedenkplaat in die kerk opgerig is.

Nog 'n belangrike stukkie geskiedenis wat deur 'n besondere gebeurtenis geboekmerk is, het in 1975 gevolg toe die Raad van Nasionale Gedenkwaardighede se monumetekomitee 'n gedenkplaat by die kerk aanbring het nadat restorasiewerk aan die kerkgebou voltooi is. In voorbereiding op die gemeente se 175ste bestaansjaarvieringe is 'n uitgebreide restorasieprojek by die gemeente tans in volle swang.

Die gemeente is uiters opgewonde oor die huidige restorasiewerk en sien daarna uit om die kerk se grootste mylpaal vroeg in Januarie 2025 saam met Rustenburgers te vier.

BASIC ASSESSMENT AND WATER USE LICENSE APPLICATION PROCESS FOR THE PROPOSED AMENDMENT OF MINING RIGHT NW 80 MR AND THE EXPANSION OF THE KWEZI MINING OPERATIONS THROUGH THE INCLUSION OF THE UG SHALLOWS BLOCKS (A&B) RUSTENBURG LOCAL MUNICIPALITY, NORTH WEST PROVINCE

I&AP REGISTRATION AND AVAILABILITY OF THE DRAFT BASIC ASSESSMENT REPORT

DMRE Reference: NW30/5/1/2/2/80MR

Section 102 DMRE Reference: NW-00383-MR/102

Applicant: Sibanye Rustenburg Platinum Mines (Pty) Ltd
Location: RE Portion 1 and 27 of Farm Town and Townlands of Rustenburg 272, Various Erven

Project Description: Kwezi Shaft MR Expansion

Sibanye Rustenburg Platinum Mines (Pty) Ltd (SRPM) is a subsidiary entity within the Sibanye Stillwater Limited group of companies. Kwezi Shaft is owned and operated by Sibanye Rustenburg Platinum Mine (Pty) Ltd. The Kwezi Shaft is mining the UG2 reserve as within the mining lease limits described under the mining right NW 30/5/1/2/2/80 MR. The shaft is considered to be on its production decline phase with the expected life of mine to be until 2027. There is an urgent need to find additional ounces of Platinum Group Metals (PGMs) in order for the Kwezi shaft to maintain a sustainable production profile.

It is the intention of SRPM to expand the Mining Right Area (NW 30/5/1/2/2/80 MR) through the incorporation of an area over a portion of remainder of portion 1 and portion 127 (now known as Rustenburg Ext 9) of the farm Rustenburg Town and Townlands 272 JQ (various erven) within Rustenburg, in the North West Province. The proposed expansion area lies at the border of the SRPM mining right and can be mined from the Kwezi Shaft. In addition to the expansion of the Mining Right Area, SRPM intends to mine the UG2 Shallows Blocks (Blocks A and B). Timely addition of the UG2 Shallows blocks to the existing Kwezi production profile is required to optimise existing critical mass before decline in early 2025. Alta van Dyk Environmental (Pty) Ltd (AvDE) has been appointed as the independent Environmental Assessment Practitioner (EAP) to undertake the required environmental-related applications and associated public participation process.

Authorisations required:
Before the commencement of the proposed expansion project, Sibanye requires Environmental Authorisation. The following authorisations are required as per the applicable legislation:

- Basic Assessment (BA) Process in terms of the National Environmental Management Act (NEMA) (Act 107 of 1998) and National Environmental Management Waste Act (Act 59 of 2008) supporting a S102 Application as defined within the MPRDA.
 - The competent authority for this process is the North West Department of Mineral and Petroleum Resources (DMPR). Previously known as Department of Mineral Resources and Energy (DMRE).
- Water Use Licence Application (WULA) in terms of the National Water Act (NWA) (Act 36 of 1998).
 - Section 21 c&i and g water uses
 - The Competent Authority is the Department of Water and Sanitation.

Availability of the Draft Basic Assessment Report and Environmental Management Programme
The Draft Basic Assessment and EMPr are available for public review and comment for a period of 30 days from **14 November to 13 December 2024** at the venues listed in the table below. The report is also available electronically on the either the data free Ulwazi platform or AvDE Website:
<https://ulwazi.datafree.co/> <https://www.altavandykenvironmental.co.za/public-documents/>

Public Place	Locality	Physical Address
Rustenburg Local Library	Rustenburg	Corner of President Mbeki Dr and Heystek Street
Kwezi Mine Security Offices	Rustenburg	Rustenburg
Alta van Dyk Environmental Consultants Office	Midstream	9 Mount Sherman Cresent Midlands Estate

In terms of the Water Use License Application the comment period is from the **14 December 2024 until the 04 February 2025**. If you would like more information on the proposed project, register as an Interested & Affected Party or wish to provide comments on the project or the Draft Basic Assessment Report, please direct them to
